

U.S. Application No.:  
PRELIMINARY AMENDMENT

ATTORNEY DOCKET: 3926.016

*A/Amended* the threshold of recognition and above a subconscious threshold  
of detection of the operator.--

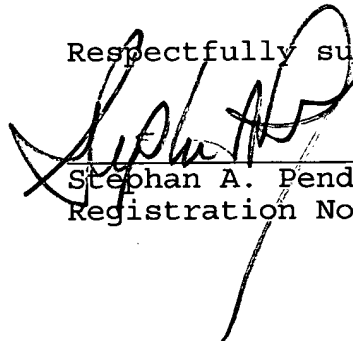

---

REMARKS

The specification and claims have been amended to conform the original translated specification and claims to U.S. requirements, i.e., appropriate section headers are added, reference in the specification to the claims have been amended in order to eliminate multiple dependent claims and claims improperly depending from multiple dependent claims, and to otherwise conform the claims to U.S. practice. Care has been taken to ensure that no new matter is added to the text.

Entry and favorable consideration prior to consideration are respectfully requested.

Respectfully submitted,
